PUNJAB GOVERNMENT INITIATIVE

There are a number of departments in the public sector which are involved in the provision of services to citizens. Each department is providing one or more service using different set of processes which may be automated or manual. In order to facilitate the public interphase with various government departments / agencies; the Chief Minister Punjab has issued directions / orders to establish public e-Khidmat Markaz. The concept is to integrate all such services under one roof from where citizens could avail unhindered and easy access to governmental services. e-Khidmat Markaz concepts to integrate fifteen governmental services under one roof for citizens, easing Citizens vs. Governmental interphase.
